

90-101

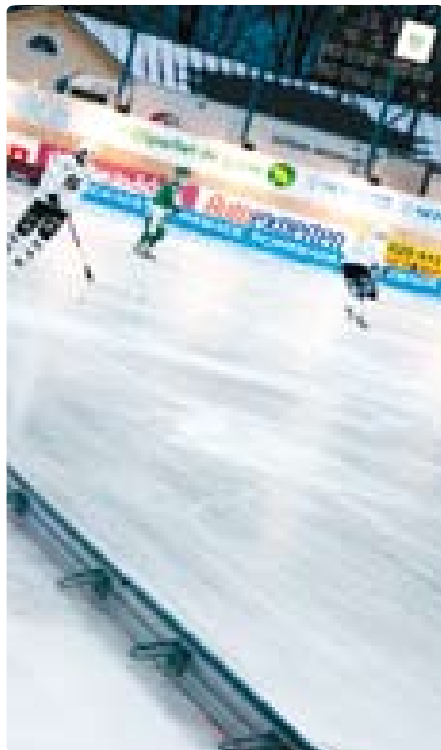

Basketball, volleyball, handball – the list just keeps on going. Team sports are something we've all taken part in at one time or another. It might just have been at school or it might have carried on into adulthood. One thing's for certain – we've all got an opinion and we all know what type of equipment we need.

A volleyball net is shown in the foreground, with two hands reaching up towards it. The net is white with a grid pattern. The background is a light blue gradient.

Team sports

Bandy

Zinkensdamm, Stockholm. Match between Hammarby and Sandviken.

Bandy board aluminium

With rubber protection strip in bottom and on top. Delivered with 3 supports / 4 m part. Total length 192 m.

Corner post bandy with steel/wood base

art no 1071 600

Corner post flag red

Of 100 % nylon fabric.
art no 1010 082

Corner post flag blue/yellow

art no 1010 083

Lines for bandy

Set for 2 bandy fields.
art no 1072 741

Roll for water hose

Width 640 mm. Diameter 750 mm.
art no 1071 603

Myanite wet

Mix with water to make the first ground layer of ice with a white colour.
art no 1010 098

Cart for roll

Width 910 mm with air rubber wheels.
art no 1071 606

Basketball

Basketball net competition

Made of 4 mm polyester.
art no 1040 012

Basketball net with fringe

art no 1040 013

Tactic board

Board of white-board plastic. Easy to write on and to clean, size 81x61 cm.
art no 1040 150

Basketball goal adjustable 120

Wall bracket made of steel. Adjustable height between 305 and 260 cm goal height. Complete with back board 180x105 cm, projection 120 cm.
art no 1040 029

Basketball goal adjustable 80

Same as 1040 029, but with a back board 120x90 cm and projection 80 cm.
art no 1040 030

Basketball goal fixed 120

A 180x105 cm back board mounted on a steel construction with projection 120 cm.
art no 1040 027

Basketball goal fixed 80

A 120x90 cm back board mounted on a steel construction with projection 80 cm.
art no 1040 028

Basketball goal electric elevating adjustable

Strong structure that withstands the most extreme strains. Operated with a 230 V electric motor. Complete with a 20 mm Plexiglass board 180x105 cm, dunk ring, net and control panel. Adjustable for mini and normal heights. Please specify ceiling height.
art no 1040 016

Basketball goal electric elevating

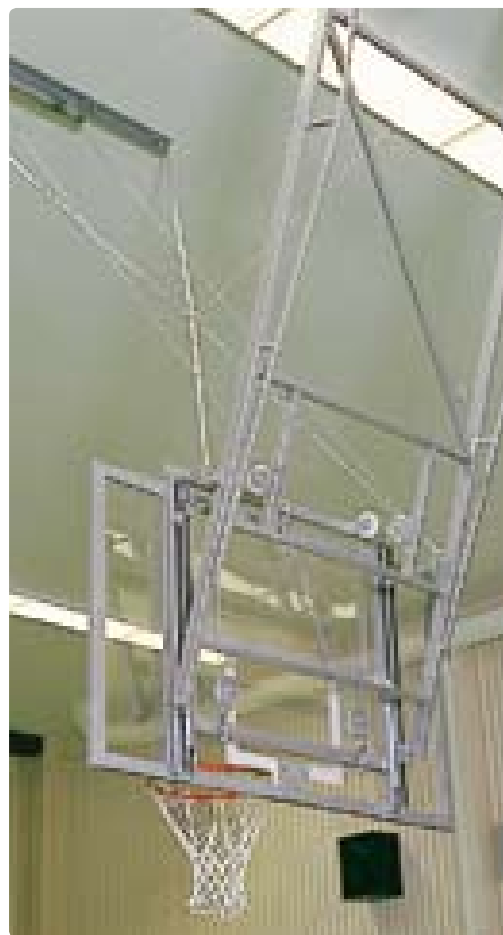

The same as 1040 016, but not height adjustable.
art no 1040 017

Basketball goal manual elevating adjustable

The same as 1040 016, but with a manual winch.
art no 1040 018

Basketball goal manual elevating

The same as 1040 017, but with a manual winch. At the inquiry, set the current ceiling height.
art no 1040 019

Spring loaded basketball ring

Net attachment without hooks. FIBA approved.

art no 1040 007

Spring loaded basketball ring

For practising.

art no 1040 008

Basketball ring

Made of strong orange painted steel tubes.

art no 1040 009

Backboard security glass

Of 12 mm see-through tempered glass 180x105 cm.

art no 1040 033

Backboard laminate

180x105 cm made by 10 mm laminate.

art no 1040 035

Backboard laminate

120x90 cm made by 10 mm laminate.

art no 1040 036

Backboard plexiglass

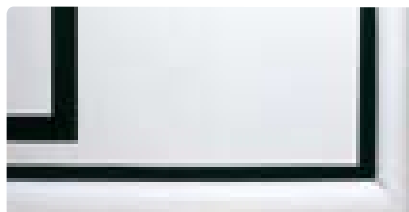

Of 20 mm see-through acrylic glass 180x105 cm.

art no 1040 034

Backboard plexiglass

Of 20 mm see-through acrylic glass 120x90 cm.

art no 1040 032

Protective padding

For boards 180x105 cm, up to 20 mm thick.

Can be cut to fit other sizes.

art no 1040 100

Post protection

Shock absorbing protection for posts.

art no 1030 604

Portable basketball goal

A very stable basketball goal, made of fully welded steel. Easy erection, folding and transport by one person. Front protection padding. Projection 3.25 m.

art no 1040 006

Basketball goal outdoor 50

Strong steel structure for mounting in ground socket. Fibreglass board 120x90 cm, projection 50 cm. Complete with ring and net.

art no 1040 025

Basketball goal outdoor 120

Same as 1040 025, but with projection 120 cm.

art no 1040 022

Handball

Mini handball goal free standing

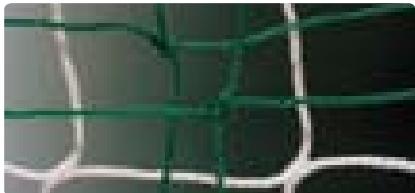

Size 2000x1700 mm. With wooden frame and powder coated back supports.

art no 1020 217

Mini handball goal foldable

Size 2000x1700 mm. With frame with foldable steel back supports.

art no 1020 218

Handball net 3 mm green 500

Made of 3 mm twinned polyethene. Upper depth 500 mm. Base depth 500 mm.

art no 1020 015

Handball net 3 mm green 750

Made of 3 mm braided green polyethene. 30000x20000 mm. Upper depth 750 mm. Base depth 1250 mm.

art no 1020 004

Handball net 3 mm white

Made of 3 mm braided polyester. Extra strong net. 30000x20000 mm. Upper depth 750 mm. Base depth 1250 mm.

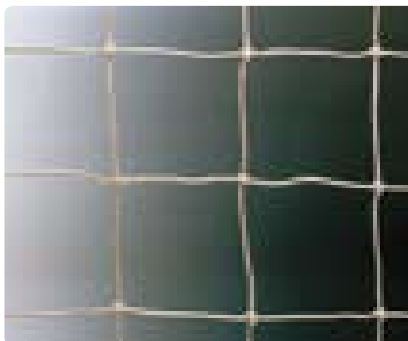

art no 1020 005

Nordic Alu-line free standing

Competition goal of aluminium profile with a strong back support made of tubular steel. The goal is attached to the floor with pegs.

art no 1020 210

Drop net

Made of 3 mm braided white nylon.

art no 1020 006

Mini handball net

Polyethene 2000x1700 mm, with depth 300 mm.

art no 1020 007

Protective net

Of black polyester with 45 mm mesh. Width 3000 mm.

art no 7971 001

Wire for protection net

art no 7971 000

Nordic Alu-line foldable

Same as 1020 210, but equipped with wall-attached foldable back supports.

art no 1020 214

Mini handball crossbar

Designed for Mini height. Complete with mounting devices. Fits all our handball goals.

art no 1020 215

Handball goal wood

Posts and crossbar of wood. Back support of steel.

art no 1020 213

Cleaning Machine PIXOFF

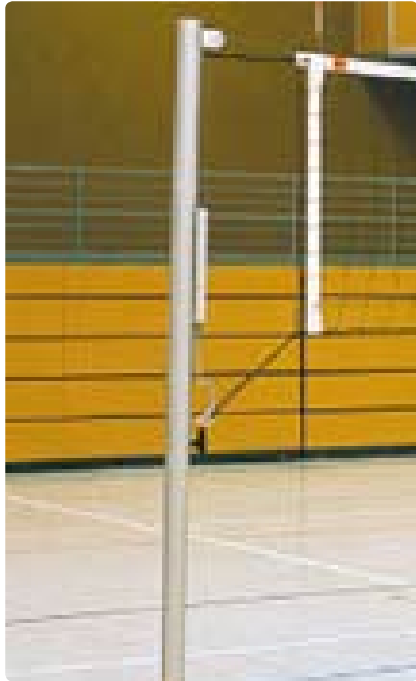

Cleaning Machine Handball.

art no 1020 003

Volleyball

Volleyball post Alu-line round

Round 83 mm aluminum profile for official game.
Step free release function for net heights and winch.
art no 1030 210

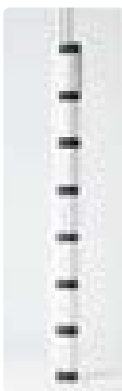

Ground socket 83

Round 83 mm socket of aluminium with cover.
art no 1030 607

Volleyball post steel

A very strong post made of steel profile.
Complete with ground sockets and lid.
For indoor and outdoor use.
art no 1030 001

Post pads

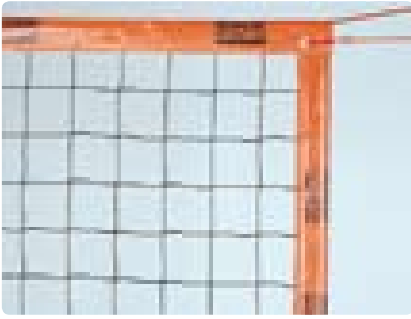

Ideal for all game posts and other uprights. Made of
dense shock-absorbing foam with vinyl coated nylon
cover and Velcro® closure.
art no 1030 604

Umpire's chair

Made of aluminium. Adjustable
height. Fitted with wheels for easy
transportation.
art no 1030 009

Beach volleyball net competition 8.5 m

Made of 3 mm braided polyethene. Vinyl headband in neon orange or neon green colour. Four suspensions and reinforced side dowels.

art no 1030 100A

Beach volleyball net competition 9 m

Same as above.

art no 1030 100

Volleyball net training

Made of 2.5 mm polyethene.

art no 1030 015

Boundary markers

Lines made of 50 mm wide blue polyester.

art no 1030 102

Volleyball antenna

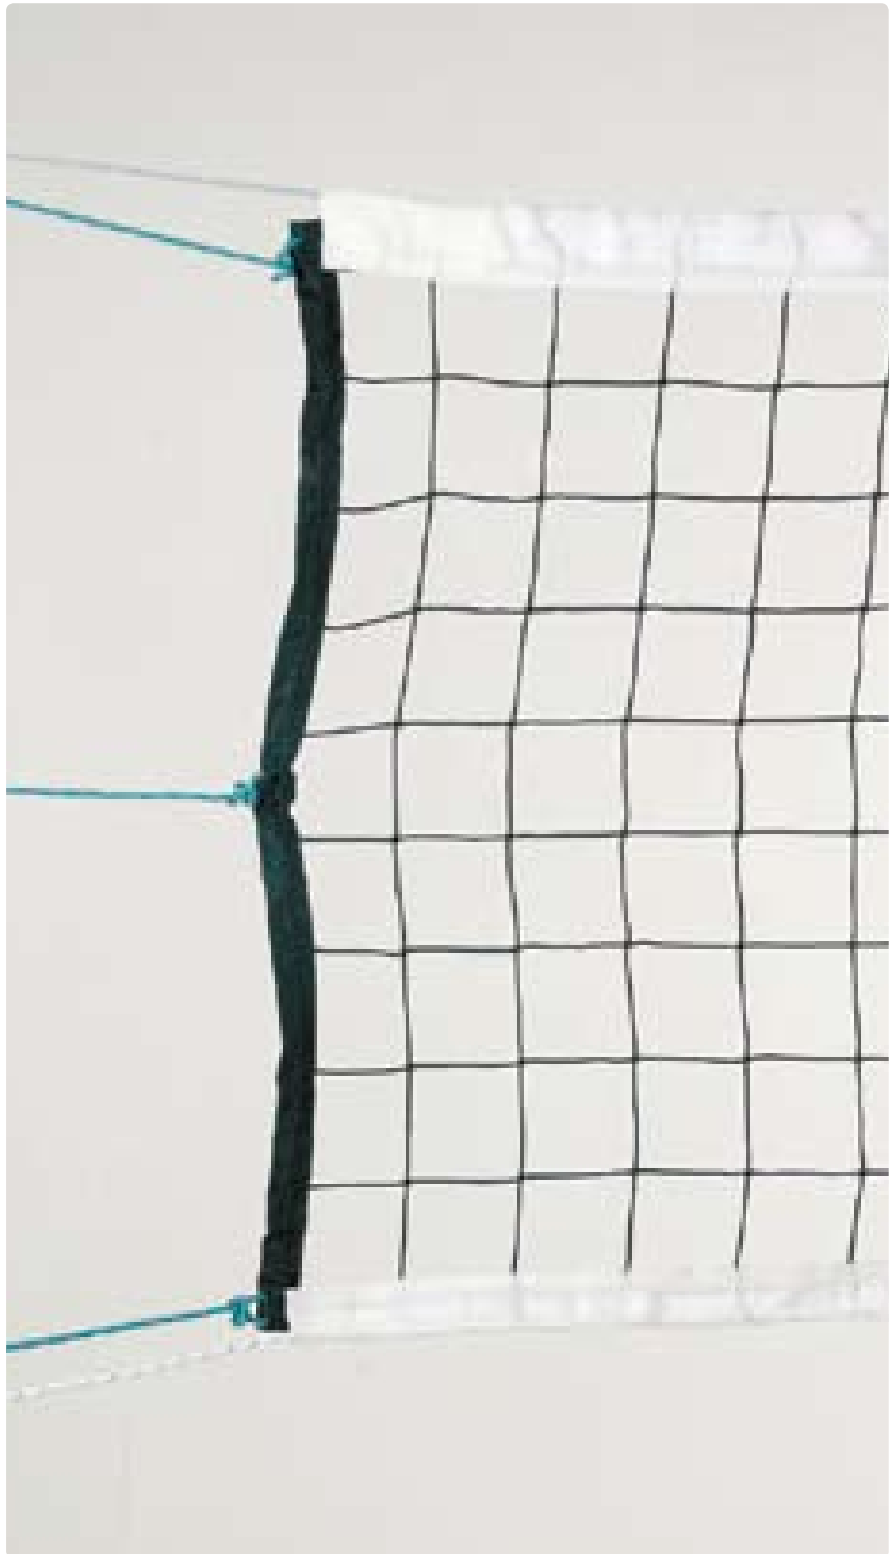

A strong red/white coloured antenna complete with PVC holder.

art no 1030 006

Volleyball antenna dividible

Same as 1030 006, but dividible.

art no 1030 007

Volleyball net competition

Competition volleyball net made of 3 mm braided polyester with six suspensions.

art no 1030 013

Floorball

Floorball goal 160 x 115 cm

Supplied complete, incl net. Match goal approved by the Swedish Floorball Federation.

art no 1071 627

Mini goal 90 x 60 cm, incl net

Suitable for training and technique practice. Made from stove-enamelled tubular steel. 900 x 600 mm.

art no 1010 011

Floorball goal 60 x 45 cm

Fully welded, incl net.

art no 1071 505

Floorball goal 65 x 45 cm

Can be disassembled, incl wooden board and net.

art no 1071 506

Net 160 x 115 cm

art no 1071 628

Catch net 160 x 115 cm

art no 1071 629

Net 60 x 45 cm

art no 1071 546

Mini net, polyester 2 mm black

2 mm black braided polyester. Fits the mini goal. 45 mm mesh.

art no 1010 018

Floorballs 10 pcs

art no 1071 634

Floorball rink

Complete, easy-to-assemble floorball rink. Constructed to collapse in case of a serious collision. Approved by the Swedish Floorball Federation.

art no 1071 650

Extreme ball

Floorbandy ball with dimples.

art no 1071 639

102-111

You need more than luck to excel. To be the best you need training. We supply skipping ropes for staying in shape and balance plates to improve your balance. This chapter also covers mats, weight lifting and balls.

Assorted sports

Tennis

Tennis post Nordic Alu-line

Made of anodized aluminium. Internal tensioning unit. Detachable crank kept in the top of the post. With aluminium net-holding rods. For both indoor and outdoor use.

art no 1050 210

Tennis post Alu round

Same as 1050 210, but made of anodized aluminium.

art no 1050 602

Free standing tennis posts

Portable aluminium posts. Makes playing tennis possible where floor sockets are not available. For indoor and outdoor use.

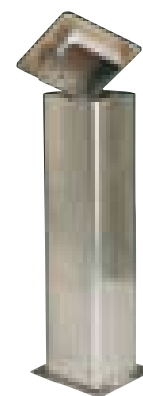

art no 1050 220

Line brush

Standard model for manual sweeping. Wooden handle and adjustable angle.

art no 1050 007

Ground socket 83

Round 83 mm socket of aluminium, with cover.

art no 1030 607

Ground socket 80

Square 80x80 mm socket of aluminium, with cover.

art no 1030 608

Wind and see-through protection net

Protection net which allows some wind to pass through in order to relieve strain in posts. In addition to protection this net also provides shelter against hard winds. Height 2.0 meters. Delivered in lengths of 12 meters. Complete with mounting hooks.

art no 1050 035

Protective net

Of black polyester with 45 mm mesh. Width 3000 mm.

art no 7971 001

Wire for protection net

art no 7971 000

Tennis lines plastic

Complete set of plastic lines and fixing nails.

art no 1050 012

Water absorbing machine Sahara

The ideal device for dewatering tennis hard courts. A specially designed foam covered roller absorbs puddles and releases the water into two plastic containers. Capacity 1200–1500 litres/hour.

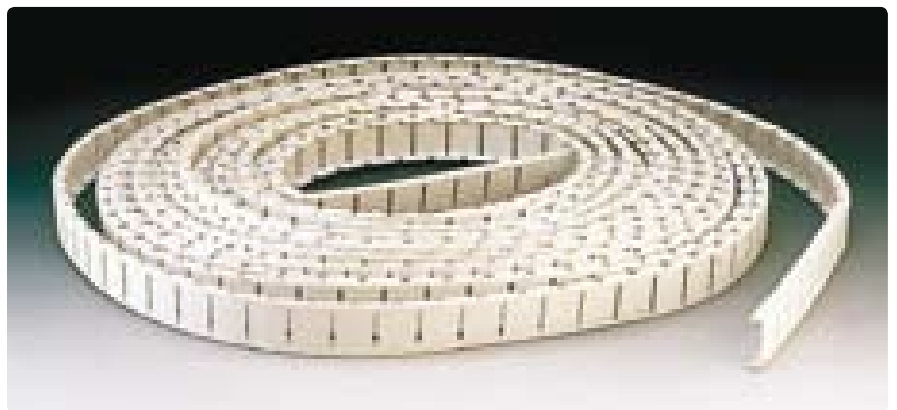

art no 1050 034

Court brush

A strong brush for fast brushing of the entire court. Aluminium frame with brushes of traditional brush type.

art no 1050 005

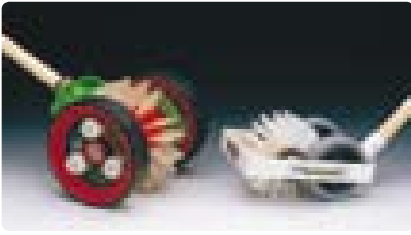

Tennis lines

Lines made of non-slipping PVC profile complete with wooden fixing dowels and fixing nails.

art no 1050 025

Tensioning device for tennis lines

art no 1050 026

Line brush paddle

Full plastic construction with paddle wheel instead of brush. Nylon paddles can easily be replaced.

art no 1050 013

Line brush machine

Rotating brush on two wheels.

art no 1050 006

Tennis court roll

90 kg tennis court roll.

art no 1050 031

Net adjuster

Complete with centre strap and adjustable ground anchor.

art no 1050 014

Floor plate

Floor plate for net adjuster.

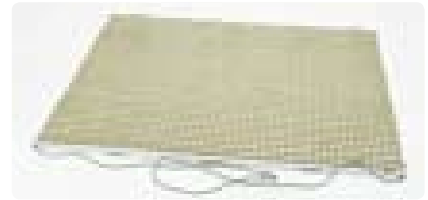

art no 1050 017

Tennis net hanger

For tidy storing of nets. Galvanized steel construction.

art no 1050 027

Skidding net

Complete with pull rope, plastic coated webbing and specially profiled aluminium edge. 2 x 1.5 m.

art no 1050 015

Tennis net twined black

A very strong net, made of black twined polyethene. Suitable for extreme match play since thinner thread provides better see-through. Double netting at top five mesh rows.

art no 1050 037

Tennis net braided black

4 mm back braided polyethene.

art no 1050 039

Tennis court paint

Tennis court paint with rubber base. Preferably used on asphalt and concrete courts. Can also be used as top layer and renovation on all-weather type courts. Normal consumption 0.55 kg/m². Standard colours: red and green.
art no 1050 022

Primer

For the best attachment of colour on asphalt and concrete.
art no 1050 023

Line paint white

An extra strong paint for painting of lines. Otherwise the same as 1050 022.
art no 1050 024

Umpire's chair

Strong tubular structure with a plastic seat.
art no 1050 009

Ball frame set

art no 1050 010

Badminton

Umpire's chair

Sturdy umpire's chair with a plastic seat.

art no 1060 009

Ground socket 65 indoor

Round 65 mm socket of steel with chromed cover.

art no 1030 212

Ground socket 65

Round 65 mm socket of steel with lid.

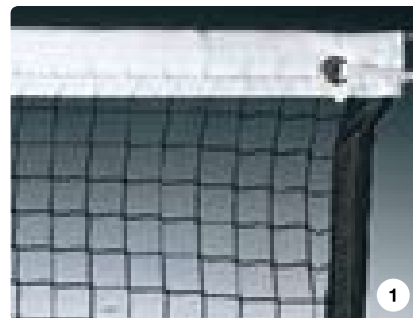

art no 1030 211

Nordic Alu round

Made of anodized aluminium. Easy tensioning by use of a sliding profile, saving the net from strain. The posts are as standard designed for ground sockets with \varnothing 65 mm, but can be adapted to other dimensions. Can be used both outdoor and indoor.

art no 1060 200
